BERG AND REYNOLDS JOIN IN THE APPEAL

Will Probably Retain Counsel for Own Interests, However.

CLAIM THEY ARE NOT LIABLE

In the Surcharge on the Strawn Duplicate Because They Voted Against Settlement—Case Not Affected by Their Joining in Defense.

Councilmen Berg and Reynolds, involved with 13 other Councilmen and former Councilmen in the surcharge on the 1904 Strawn duplicate, recently made by the Borough Auditors, signed the appeal from that action this morning. The move was made on advice of Attorney E. C. Higbee, who was consulted by the two Councilmen. He advised the two to sign the appeal, holding that it would not bind them in any way. On the other hand, the refusal to sign the document might hold them liable for judgment, Higbee said.

The plan of retaining counsel has been thought of by Councilmen Reynolds and Berg. If case an attorney is retained he will simply refer to the minutes showing that the two Councilmen voted against the measure, and asking that the court excuse them on that ground.

All of the persons implicated in the surcharge have signed the appeal with the exception of former Councilman Crowley, Councilmen McCormick, Stillwagon and Hays. Hays had not signed yesterday but has given assurance that he will sign it. McCormick refuses to sign, stating that he was an interested party and as long as he did not vote, he cannot be held liable. Councilman Crowley, it is said, will sign. He has just returned from Cumberland, where he has been for some time.

The name of Borough Clerk A. G. Bixler has been withdrawn as bondsman. The Councilmen hold that as long as he is Borough Clerk it would not be advisable to have him as one of the bondsmen. Two bondsmen are required.

MEMORIAL DAY OUTINGS ALREADY BEING PLANNED

Railroad Excursions and Automobile Trips Will Take Many Persons Out of Town.

With Memorial Day but two weeks distant, Connellsville people are already beginning to plan for outings on that day. Many people will stay in town for the Memorial services at the cemetery and others will find recreation at the ball park where Connellsville and McKeesport will clash both in the morning and afternoon.

Others will put the most distance possible between them and the town on the holiday and it is to this end that the excursion timetables are being scanned these days. All the regular excursions will be in service. The Baltimore & Ohio will run excursions to Pittsburg, Cumberland and Ohiopyle, Killarney and Oak park, W. Va.

The West Penn will do big business both ways from Connellsville. At this end all points center on Shady Grove, which opens May 25. Greensburg people will flock to Oakford park and pleasure seekers at McKeesport will go to Olympia, all on the West Penn lines. Oakford park will be open for the first time this season on Memorial Day.

WILL START WEST MAIN STREET PAVING NEXT WEEK

O'Connor Has Almost Completed Contract at Belleverton—Pizzolla Rushing Work.

Contractor Bernard O'Connor, who has the work of paving West Main street hill, said yesterday that he would probably start work there some time next week. Nothing can be done until the curbing is down. Louis Pizzolla has this contract and is rushing this work as fast as possible.

Contractor O'Connor will be finished with the paving at Belleverton within a few days and then he will have plenty of time to devote to the local work.

STAKES ON YARDS.

Schoesley Has Contracts for Grading for New Sidings at Keystone.

The Baltimore & Ohio has started work on extensive sidings west of Sand Patch tunnel, a short distance from Keystone Junction. They will be located on the west side of the main tracks.

Contractor Fred Schoesley, who graded the third track for the Baltimore & Ohio between Sand Patch and Meyersdale, now has the contract for the grading for the yards. A 60 horsepower shovel has been secured and will be placed on the job.

CHANGES ARE CONTEMPLATED IN NEW B. & O. TIME CARD

Reported Another Train is to Be Put In Service Between Pittsburg and Cumberland.

Sunday excursions on the Baltimore & Ohio to Pittsburg have already started. The Sunday excursions to Cumberland will start this Sunday, those to Ohiopyle will begin on Decoration Day. Excursions up the Indian Creek valley will start May 19. There will be an excursion to Pittsburg this Sunday.

Other contemplated changes in the new spring schedule of the Baltimore & Ohio, although not officially announced, are the placing of another train between Pittsburg and Cumberland and slightly changing the time of other trains through here. By some it is said that the morning train will come very early from Cumberland and the evening train from Pittsburg will be a "bummer," a train leaving Pittsburg after the theatres are out.

Train 51 due here at 4.20 from Fairmont will arrive in town about four minutes later. It connects here with No. 15 for Pittsburg. It will connect as heretofore. The change in the time of No. 11, that will make a through run from New York to Chicago, has not been announced. This time will not be greatly changed from its present schedule. The official schedule will be announced within a few days and will become effective May 26.

WEST PENN WILL INAUGURATE FIRE DRILL FOR EMPLOYES

First One Will Be Held Some Time Next Week—Will Use Fire Escapes Lates.

Fire drill is the latest thing at the West Penn. With thought for the safety of the employes located at the local offices fire escapes have been placed on the building and fire drills will be held in order that the building will be emptied in record time.

The first of the drills will be held some time next week, on just what day it will take place is not known. The first knowledge of the alarm the employes will receive will be when the bell rings in the building. The drill next week will be a preliminary one. The bell will ring and the employes will put important papers in the safe and line up in the halls. Later the trip down the fire escapes will be tried out.

PRITTSTOWN FARMERS WANT FREE DELIVERY

Petition for Extension of Route No. 36—Postmaster Kurtz Will Investigate.

Upon petition of the farmers residing between Prittstown and Iron Bridge near Everson, Postmaster A. E. Kurtz will this afternoon make a trip to that place to make measurements and to inquire into the advisability of extending the route to include those places. At present route No. 36, now carried by Carrier Carroll, extends only to Prittstown. The residents of that section want the route extended to Iron Bridge.

The addition will mean the adding of two miles to Route No. 36. There are a number of farmers that live throughout the affected section that are without free delivery now.

SURVEYORS RUN LINES OVER PETERSON ROUTE

Question of Cost Will Determine Selection of New Road Out of Town.

Surveyors for the State Highway Commission this morning started work on the Peterson route at East Connellsville. They will finish some time today. This survey will be the only one made although the corps will view the Buttermore route, the first suggested and surveyed.

Surveying the Peterson route will enable the State Highway Commission to estimate the difference in cost between the two proposed routes. The one which will entail the least cost will probably be selected. W. L. Dunn is in charge of a party of eight surveyors.

DEFENSE IS MADE.

Indian Creek Valley Denies Owing $556 for Right of Way.

UNIONTOWN, May 11.—The Indian Creek Valley railroad today filed its affidavit of defense to the suit of Anna M. Newell of Saltlick township for $556.10, claimed for a right of way.

THROUGH TRAINS TO KILLARNEY PARK

New Tracks at Indian Creek Make This Possible Without Delay.

SEVERAL EXCURSIONS BOOKED

Season Promises to Be Busy One For the Newest Pleasure Park in This Section—Through Service Will Be Given For Parties of 100 or More.

On special excursions to Killarney Park this summer from Pittsburg, Connellsville and other points, the trains will be run straight through without change at Indian Creek. This was the word given out by a local Baltimore & Ohio ocial and confirmed by President Charles F. Hood. This has been made possible by the building of the two "Ys" at Indian Creek, connecting the Baltimore & Ohio and the Indian Creek Valley railroads.

Several large excursions have been booked at the park this year and the improvement was made in order that the bother of changing cars at Indian Creek can be done away with. Henceforth the trains coming from either the east or the west can run from the tracks of the Baltimore & Ohio to those of the Indian Creek Valley without any switching or lost time.

Several large picnics that have been sent over the Baltimore & Ohio to Killarney entailed much switching around at Indian Creek.

Tickets for the regular Sunday excursions will be sold through as heretofore, although the change will be made necessary at Indian Creek. The running of trains through to the park will only be done for excursions of 100 or more persons. Although Sundry excursions up the valley have as yet not started, many Saturday parties are taking the trip. Several cottages are in contemplation for building and local people have rented some of the cottages for the summer.

The Dawson Masons will picnic at the park on June 14 and other dates have been arranged for. The park management turned several offers down because of their size. One of 5,000 people and one of 7,000 people were refused.

WEST PENN CONTEMPLATES OPENING OF NEW TERRITORY

Reported That Deal Is on for Transfer of Meyersdale Company to Local Concern.

Reports emanating from Meyersdale are to effect that the West Penn Electric Company is contemplating the extension of its system to the east and to this end have made preliminary steps toward purchasing the Meyersdale Heat, Light and Power Company, owned by H. J. Wiloth of Meyersdale. Representatives of the company have been on the ground within the past few weeks and have thoroughly examined the prospects for the extension.

At present the Wilhoth Company and the Meyersdale Council are at odds and the purchase of the plant by the West Penn would probably meet the approval of the solons.

In case the move is made on the part of the West Penn it will be the beginning of the opening of a vast new territory for the local company.

S. CONNELLSVILLE HAS BOND ISSUE

School Board Prepares to Sell $15,000 at Five Per Cent.

THE TAX MILLAGE IS LEVIED

Millage Higher Than Under Township Control But Directors Say They Cannot Get Along on Less—Township Gets Most of the Bond Money.

The South Connellsville School Board in special session last night passed a resolution to sell bonds to the amount of $15,000 at five per cent interest. The millage was also fixed at 12 mills, 9½ for school purposes and 2½ for building. The building fund will be used to pay interest on the bond issue of $15,000, all but $100 will go to the Connellsville Township School Board to settle for the three schools taken into the borough.

Solicitor H. George May was ordered to draw up the bonding papers. They will be issued after the first Monday in July when the South Connellsville School Board comes into control of the property.

The millage is two mills higher than that under the township last year. The millage in the township was seven for school purposes and three for the building fund. The School Board of the borough takes the stand that since practically two-thirds of the pupils of the old township are at South Connellsville and that the borough is only getting five twelfths of the taxes, the levy must necessarily be higher.

Some opposition to the increased millage has developed in the borough.

"We did the best we could" said a member of the board this morning.

There will probably be no meeting of the board until June. At that time the property may be inspected although it is likely it will be held over until July. The board will come into official control of the property after the first Monday in July.

FUNERAL OF HUGH MASON IS LARGELY ATTENDED

Many Floral Tributes Sent by Friends of High School Boy Who Died.

Requiem high mass was celebrated by Rev. Father J. T. Burns. The large church was well filled with sorrowing friends and relatives of the deceased. The sophomore class, other members of the High School, and the Holy Name Society were represented.

The floral tributes were numerous and very handsome. The High School sent a handsome floral basket, while the employes of Feldstein-Levine Company sent a beautiful piece. During the services the store was closed and all the employes and the management attended the services.

The pallbearers were the following members of the Holy Name Society: Regis McGann, Clyde McGann, Bernar O'Conner, John Opperman, Henry Wagner and Gibson Mason.

OPENING BAND CONCERT IS DECIDED SUCCESS

Connellsville Military Band Gives Interesting Program Before Big Audience.

The initial concert of the season was given at the band stand last evening by the Connellsville Military Band, under the leadership of John E. Gaster. The concert was splendidly arranged and well executed. The feature number of the program was a cornet solo, "My Beautiful Lady," by Harold Decker.

Only one incident marred the entire affair and that was the conduct of a small army of youngsters who ran wild. Proper police supervision is not being observed at these concerts and the coppers who do appear seem to be so charmed by the martial strains of music as to render them unconscious to annoyances on the part of those spectators who seem to regard the occasion as an opportunity for interfering with the pleasure of the hundreds who are attracted by the splendid music.

JUDGE RUPPEL REFUSES NEW TRIAL IN RARE CASE

New Point of Law Raised in Suit of Coal Company Against Trolley Line.

Special to The Courier.

SOMERSET, May 11.—Judge William H. Ruppel today handed down an opinion refusing a new trial in the ejectment proceedings of the Kenneth Coal Company against the Pennsylvania & Maryland Street Railway Company, in which a jury on February 16, 1912, rendered a verdict for the plaintiff. The Kenneth concern, composed of Pittsburg capitalists, sought to recover land in Summit township on which the trolley company, operating between Salisbury, Meyersdale and Garrett, located a half-mile of its right of way. Under the opinion of Judge Ruppel title to the property in dispute is restored to the Kenneth company, and the street railway people will either have to vacate or appeal to the higher courts.

The case involves a question of law never before raised in the Somerset county courts. The property on which the trolley right of way is located was originally owned by the Southern Coal Company, encumbered by a mortgage given to secure bondholders, for whom the Somerset Trust Company was trustee. Subsequently, the mortgage was foreclosed, and at a trustee's sale was purchased by the Kenneth Coal Company.

The Pennsylvania & Maryland concern claimed that the petition for judgment could not be legally sustained for the reason that they have the right of eminent domain, which precluded the plaintiffs from ousting them, and that the worst the Kenneth concern could do was to recover damages for the land taken. This position is untenable, the court says, because the trolley company did not secure the property under its right of eminent domain by duly condemning it.

NEW PENSION BILL IS NOW UP TO PRESIDENT

House Finally Agrees on the Dollar-a-Day Measure for Union Veterans.

WASHINGTON, May 11.—The House yesterday agreed, 178 to 57, to the conference report of the general pension bill providing pensions up to $1 a day for veterans of the Civil and Mexican Wards. Many Democrats voted for the bill with the Republicans. Representative Kent of California, east the only Republican vote against it.

The bill now goes to President Taft. His advisers think he will sign it. Under the Constitution the President has ten days in which to act. If he does not sign it within that time it becomes a law. Inasmuch as the President leaves tomorrow on his Western trip, from which he will not return until May 22, he may sign it before leaving.

The measure will increase the pension rolls about $30,000,000 a year.

MOTHERS' DAY IN ALL CHURCHES HERE

Second Sunday in May Each Year is Observed by Christian Churches.

SPECIAL PROGRAMS ARRANGED

White Carnation Will be Generally Worn, But Mother's Favorite Flower Takes Precedence—Special Conveyances Have also Been Arranged.

The Christian churches throughout the land will tomorrow celebrate Mothers' Day by special programs and other observances. The second Monday of May has been universally adopted as the day on which tribute will be paid the mothers. The movement to observe Mothers' Day originated in this country in 1908 and has already reached out to other nations, wherever, in fact, the influence of the christian churches have extended.

The local churches have planned special observance of the day; by the distribution of the white carnation, which is sympolic of the occasion, or the flower which is the mother's favorite. The demand for white carnations has caused the price to rise, but it is not expected there will be the difficulty encountered this year in securing a supply of the flowers that there was last. The prices are not so high. Last year because of the excessive prices asked, a number of churches were forced to resort to imitation flowers rather than stand the tax.

Men's organizations of all kinds will have a part in the movement. Pastors will preach sermons appropriate to the occasion. General invitations have been extended for all mothers to attend services at their respective churches. For the aged and infirm special conveyances, carriages and automobiles, will be supplied. Most of the churches will be decorated for the occasion.

From Anna Jarvis, founder of the day, comes an appeal to make it a day of pleasure to her through your loving thought, visit, gift or letter, or by having her as your honor guest.

The white carnation, the international memory flower of "mother," and "home," symbolizes motherhood; its whiteness stands for purity, its form, beauty; its fragrance, love; its wide field of growth, charity, and its durability fidelity.

The "memory flower," the white carnation, has soared in price. Several weeks ago the flowers sold for 25 and 50 cents per dozen. During the present week the price advanced. Prices per dozen, quoted yesterday by local florists, were 60c, 75c and $1.00 per dozen for the white carnations. The standard price for the colored carnations, per dozen, is 50c. There has been a large demand for the flowers and yesterday no more orders would be accepted by one florist.

WILD WEST SHOW

Young Buffalo Organization Building Up Reputation—Keen Competition.

Connellsville is to have another circus—or rather a Wild West and Far East, which in a sense amounts to the same thing. On May 23rd the Young Buffalo Wild West and Col. Cummins Far East will exhibit here, afternoon and night occupying the Sligo show grounds instead of the Marietta-Stillwagon grounds, the latter being used on that date for a ball game.

Lon. B. Williams, general agent of the show, was a caller at The Courier office yesterday. Mr. Williams is authority for the statement that another wild west and far east show will exhibit here later in the season. He wishes the public to thoroughly understand that the Young Buffalo Wild West and Col. Cummins Far East is in no wise connected or affiliated in any manner with this institution, being on the contrary absolutely independent and separate from all other tent shows of whatever kind and character.

"We want to impress this fact upon the minds of the people of Connellsville and surrounding country," said Mr. Williams, "because we wish to openly invite comparison and criticism. We think we have the best wild west and far east in America today, and while our competitor has been in the business longer than we have we still believe that with modern methods and a desire to please we have a show which will more than stand the test of comparison."

NEVER SUCH A REMEDY FOR PILES

It will only cost any sufferer 25 cents to prove that bleeding, itching or protruding piles, no matter how chronic or how painful can quickly be ended forever.

Go to Graham & Company, Connellsville, or S. A. Lowe & Company, Scottdale, and hand them a quarter, say "I want a jar of San Cura Ointment" and if you aren't satisfied—your money back.

Yes, and more, use San Cura Ointment for old sores that people say will never heal, for fever sores, for itching skin, eczema, tetter, salt rheum, chapped hands, face or lips, for ulcers, carbuncles, boils, sore nipples and broken breasts.

It draws out all poison; that's the secret of the wonderful success of San Cura Ointment, that's why it so quickly heals scalds, burns, cuts and bruises without scarring. It's best to use San Cura Soap at all times, it banishes pimples, blackheads and kills the germs of disease. 25 cents. Thompson Medical Co., Titusville, Pa.

WILL GIVE $500 TO SICK READERS OF THE COURIER

Indiana Scientist Who Originated the Now Famous "Home Treatment" Offers Large Package Free to Sick and Ailing.

In order that every reader of The Courier who needs treatment may have an opportunity to test this celebrated medicine, the now famous Indiana scientist has come to the front with an offer to give absolutely free a large proof package to five hundred readers of this paper to prove the wonderful claims which have been made for it. In making this offer the scientist said: "I know that there are many people who have been suffering for years with some chronic disease and many of them have spent large sums of money seeking a cure. I know that these people hesitate about investing money in medicine because they have despaired of ever getting well. Thousands have told me that story and many thousands of the same people have told me afterwards that my treatment had cured them after doctors and everything else had failed. I want to show these despairing people that all the newspaper talk about my treatment is absolutely true. I want to prove to a limited number—no matter what the disease, no matter how long they may have suffered, no matter how blue and discouraged—that my treatment really and actually does accomplish the wonderful results that have been reported."

People who suffer from Rheumatism, Kidney Trouble, Stomach Trouble, Liver or Bowel Disorders, Catarrh, Bronchitis, Asthma, Chronic Coughs, Weak Lungs, Lumbago, Piles, Urinary Disorders, Female Weaknesses of any kind, the weak, worn out, broken-down and despondent will be delighted at the effect of a few doses. This wonderful treatment creates a fine appetite and helps the digestive organs to carry on their functions as they should. It strengthens the kidneys, too, and drives rheumatism poisons from the blood as if by magic. That is why people who try it become so enthusiastic.

Any reader of The Courier who will try this extra ordinary medicine that has created so much excitement by its cure can obtain absolutely free a liberal treatment by simply filling in the coupon below or writing a letter describing their case in their own words, if they prefer, and mailing it today to James W. Kidd, Fort Wayne, Indiana. No money need be sent and no charge of any kind will be made.

As this offer is limited, you should write at once, in order to be sure to receive your free treatment.

FACTORY GIRL GIVES UP

Too Sick to Work—Doctor Advised Operation. Restored to Health by Lydia E. Pinkham's Compound.

Poughkeepsie, N. Y.—"I run a sewing machine in a large factory and got all run down. I had to give up work for I could not stand the pains in my back. The doctor said I needed an operation for female trouble but Lydia E. Pinkham's Vegetable Compound helped me more than the doctors did. I hope that every one who is suffering will get the Compound. My pains, nervousness and backache are gone and I have gained five pounds. I owe my thanks to your medicine for it is the working girls friend, and all women who suffer should write to you for special advice."—Miss TILLIE PLENZIG, 3 Jay St., Poughkeepsie, N. Y.

When a remedy has lived for over thirty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their very lives to it, is it not reasonable to believe that it is an article of great merit?

We challenge anyone to show any other one remedy for a special class of disease which has attained such an enormous demand and maintained it for so many years as has Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

DON'T SCOLD CROSS, IRRITABLE CHILDREN

See if Tongue is Coated, Stomach is Sour and Bowels Waste-Clogged.

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and 30 feet of bowels so promptly and thoroughly.

Children get bilious and constipated just like grown-ups. Then they get sick, the tongue coated, stomach sour, breath bad; they don't eat or rest well; they become feverish, cross, irritable and don't want to play. Listen Mothers—for your child's sake don't force the little one to swallow nauseating castor oil, violent calomel or harsh irritants like Cathartic pills. A teaspoonful of Syrup of Figs will have your child smiling and happy again in just a few hours. Syrup of Figs will gently clean, sweeten and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile, the foul, clogged-up waste and poisons, without causing cramps or griping.

With Syrup of Figs you are not drugging or injuring your children. Being composed entirely of luscious figs, senna and aromatics it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

ECZEMA ON SCALP HEALED IN 4 DAYS

Small Mattery Pimple on Top of Child's Head. Broke and Formed Hard Crust, Very Itchy. Not a Sign of It Since Cuticura Soap and Ointment Cured Her.

"It affords me pleasure to tell of the good Cuticura Soap and Ointment have done my little girl. She had eczema on the scalp last fall. The trouble began in this way. First a small mattery pimple appeared. The pimple broke and the matter, a watery substance, ran on the skin, forming a hard crust which was very itchy. It was on the top of her head, and the crust became as large as the palm of my hand. My doctor said it was a form of eczema.

"I used a remedy but had no success with it. I used it nearly two weeks, then a friend recommended Cuticura Soap and Ointment. I used the Cuticura Ointment, applied it on the scalp at night and morning, and in four days the scalp was all healed, no sign of crusts or scabs could be seen. Then I washed her hair with Cuticura Soap. She has not had a sign of eczema since Cuticura Soap and Ointment cured her, and I shall always keep them in my house.

"I can prove this statement by my neighbor and family." (Signed) Mrs. H. B. Cooley, Marlboro, N. Y., Apr. 3, 1911.

For more than a generation Cuticura Soap and Ointment have afforded the speediest and most economical treatment for torturing, disfiguring affections of the skin and scalp of infants children and adults. A single cake of Cuticura Soap (25c.) and box of Cuticura Ointment (50c.) are often sufficient. Although sold by druggists and dealers throughout the world, a liberal sample of each, with 32-p. book on the skin, will be sent free, on application to Potter Drug & Chem. Corp., Dept. 4A, Boston.

SATURDAY EVENING, MAY 11, 1912.

Innocence or Guile.

The Canonsburg Notes, always insurgent and often Progressive, perpetrates the following:

Editor Snyder of the Connellsville Courier is sore over the defeat of Boss Penrose. Forget it, Colonel, forget it. Father Penn will manage to flourish without Penrose better than when he was bossing and corrupting the State. Colonel Snyder professes to believe that Flinn is now Big Boss in place of Penrose; but he knows much better than that, and he should not befuddle his readers by indulging in such talk.

Life is too short and political battles too frequent to mourn over them too much. The fortune of war is always uncertain, but we believe in fighting out these battles within the party. The Republican State Convention has named a very good Republican ticket and all good Republicans should support it.

Before the convention met, we told the insurgent element who were denouncing Penrose as a boss and putting their campaign on high moral grounds that they merely sought the overthrow of one boss to set up a worse one in the person of Flinn, and since the convention we have drawn attention to the fact that the prot acey was quite true.

The Notes professes to disbelieve it. Our contemporary is either filled with innocence or guile. The one is not creditable to its intelligence; the other gets a low value on the intelligence of its readers.

Smoke.

It is estimated that smoke destroys $100,000,000 worth of property annually in the United States, and it is certain that the smoke of the Connellsville coking industry does its full share of such destruction, but it also brings the people of the region so much prosperity that their pain is immeasurably greater than their loss.

Yet it is possible to turn this loss into a gain by extracting the gases from the process of coking and utilizing them, thus reducing the volume of smoke and the ill effects of it upon the face of nature. This would be desirable and welcome solution of a vexatious problem.

We can hardly hope for such a consummation in the Connellsville region because of the fact that there are already enough beehive ovens to meet its coking requirements, and operators will hesitate to tear them down and erect the more expensive by-product ovens, with no adequate market for the gas.

But it is a question which should commend itself to the consideration of operators developing new fields.

Now that he has been deposed and his official garments distributed according to lot, it has been discovered that Colonel James Madison Guffey, long leader and financier of the Pennsylvania Democracy, is a pretty good fellow after all. If the Colonel fails for that he will be something of a sucker.

Health Officer Rottler deported a carload of rotten potatoes. Some Murpheys are Undesirable Citizens.

Burgess Evans' private hearings are evidently courts of arbitration.

Milwaukee ore interests will build an $11,000,000 steel plant in the Chicago district. It is not stated where the company will get its coke, but unless it engages in the by-product game the Chicago market for Connellsville coke will be broadened.

Relig.on is progressing in Rockwood

The adjudication of a cider case has jammed the wheels of Connellsville justice.

It is proposed to coin three-cent pieces and half pennies. Perhaps the former is in anticipation of 3-cent street car fares and the latter of four years of Democratic times.

South Connellsville is learning the art of government without the aid or consent of the Board of Strategy.

The High School faculty seems to have within its ranks material for any emergency.

The United Mine Workers are not shouldering their proper share of the white man's burden of keeping the peace in the anthracite region.

It is reported that there is another shake-up due in police circles soon. The police force is having almost as many shakes as an ague patient.

The new State road out of Connellsville has a hard time settling down.

A blasting fuse is a deadly uncertainty.

The Youghiogheny river has friends in the House if it has none in the Senate.

The Greene county coking field is being developed on the edges.

South Connellsville seems to be putting something over on us.

What the Pittsburg Rate Case Has Added to the Value of Coal

Washington Record.

The present activity in coal in the western and northern part of Washington county is due incidentally to the lowering of the freight rate to the Lake ports but principally to the high grade of this coal. It is true that nearly every farm in Washington county is underlaid with several veins of fossil fuel known as coal. In the western and northern portions of the county the coal market for several years has been somewhat dull and there were some who attributed this dullness to the inferior quality of the coal. This is erroneous as is proven by the report on this district made by Munn and Griswold, the two geological experts who only recently completed the quadrangle report known as the Claysville quadrangle. This report gives the coal of this district a clean bill of health and these coal experts say that nowhere in Washington county is to be found a better grade of steam and gas coal and they also say that this coal will coke.

The coal in the northern part of the county is now all sold except scattering farms. The sales of recent date aggregating several thousand acres has disposed of all the large blocks of coal and now only individual farms can be purchased and it is only a question of time until all this coal will be operated. The great fight put up for the operators of the Pittsburg district has had much to do with the present prosperity in the coal trade. That this decrease in the freight rate from 88 to 78 cents per ton to the Lake ports has been an incentive is not denied. Mr. Bolleau of Pittsburg has again succeeded in having the Interstate Commerce Commission set a date for another hearing at which time the Pennsylvania operators hope and expect to secure a further reduction. It may be that a further reduction in the freight rate from this district will be secured. If such a thing comes to pass it will have its effect upon the coal in Washington county unsold and that which is being operated. A decrease of ten cents in the freight rate added to an acre of coal which produces ten thousand tons of coal adds one thousand dollars per acre to its value.

Some months ago when certain farmers of this section were in court seeking to have the assessments on their coal land taken off, Bolleau gave testimony in the local court and at this time he made a prophecy that this coal in the western part of Washington county would some day come into its own and especially so when the freight rates were equalized with those secured by the West Virginia operators. Today this man's prophecy is fulfilled. A lower freight rate has been secured and we note today the greater activity among the operators and the purchasers of coal. Many operators and speculators have been quietly picking up loose acreage in this end of the county for several weeks and before long much of it will be out of the hands of the farmers, the original owners.

THE MARQUIS OF FLINN

Being a Novelette Dealing With a Recent Political Event.
New York Sun.

The elevation of Honest Bill Flinn to the peerage was celebrated at the Harrisburg convention. The ceremony was performed on the Pennsylvania platform. Chief Equerry Van Valkenburg introduced Flinn by reading an editorial article upon his presentation to his majesty. King Khaki said that next time he wanted the editorial article cut in half, as its length gave the king himself too little time to spout. Then he raised Flinn to a marquisate in these words:

"I am greatly pleased with the platform of the Pennsylvania Republican party. I cannot sufficiently congratulate Pennsylvania upon now having taken the position of giving the leadership to the Marquis of Flinn in the great movement to give to the people his real right to rule them, and for efficiently and practically securing justice, both politically and socially."

Then he kissed his new kinsman on both cheeks, and the plain people wept. And they went to their ruler and said:

"O Father Roosevelt, tell us, your little children, the plain people, what is the original meaning of the word Pennsylvania?"

"Flinn's woods," said the king. This answer so moved Chief Equerry Van Valkenburg that he asked permission to read another editorial article.

"How long is it?" asked the king.

"Nearly as long as the platform itself."

"Is it about me?" asked his majesty.

"Entirely, sire."

"Then see that you don't omit one syllable."

When Seth Bullock, who sat upon the steps of the throne, saw that he "was in for hearing another of those editorial articles," he began to fidget and long for the open country and the foothills.

"The star of destiny is upon us," began the eulogy, "the same star that arose upon a Lincoln to destroy the special interests of his day and set up in their stead the personal interests. The astral body of Lincoln has assumed the mortal coil of a Roosevelt. The guiding spirit of the Marquis of Flinn now raises another leader, Theodore Roosevelt, fashioned by an impulsive temperament, voracious character and human experience with bosses and practical men to direct the battle against the special interests in favor of the personal interests of our time."

Even this brief taste of the strup that was to follow made Seth ill, and he broke up the ceremonies by fainting on the throne. But when he arose to walk off the platform he stepped upon a rotten plank and went clear through to the ground. The king asked that the plank be read to him, and as it was being read it was observed that the Marquis of Flinn blushed to his finger tips. The plank said:

"We favor the constitutional increase of city and county indebtedness in favor of contractors who build bridges, tunnels, subways, wharves, docks, sewers, streets, parks and all other public works." The enumeration sounded like the index to a dictionary.

"Why dost thou blush, my kinsman?" asked his majesty of the marquis.

The honest boss replied that he was nothing but a humble contractor.

The king replied that he must not be ashamed of his trade and quoted the lines:

The Duke of Suffolk deals in malt,
The Duke of Norfolk deals in salt,
The Douglas in red herring.

LOSES AN ARM.

Small Son of Attorney B. F. Sterling Badly Injured.

While playing near his home in Uniontown yesterday, Robert Sterling, the youngest son of Attorney and Mrs. Bruce F. Sterling, fell beneath the wheels of a passing freight train and had his left arm crushed.

The plucky youngster attempted to walk home after his accident. He was taken to the Uniontown hospital where the arm was amputated above the elbow.

The Commissioners of Washington county have filed a reply to the equity suit started by West Brownsville citizens over the Brownsville bridge matter. The Washington County Commissioners contend the suit is brought by certain Fayette county citizens who are still attempting to block the construction of the new bridge.

FOURTH WARD HOSE IS OPEN TO PUBLIC

Scottdale Firemen Hold Big Stag Party Last Evening.

OLD TIME CONCERT WAS GREAT

Superintendent R. C. Shaw Greatly Pleased With Condition of Scottdale Schools—Dr. Beiderwolf Party Coming to Mill Town on Monday.

Special to The Courier.

SCOTDALE, May 11.—The Fourth Ward company of the Volunteer Fire Department with appropriate ceremonies held the formal opening of their new hose house on Broadway last evening. The affair was a stag one and a large number of guests were present, including a number of prominent politicians from Greensburg. There were speeches, music and eatings and the latter were elaborate, at least 25 chickens having been brought under the axe as one small contribution to the material for extinguishing hunger. The new hose house is a two story brick building, erected by Contractors Keslar & Blackburn on a contract let by the borough and will be finished throughout by the fire company.

WAS FINE CONCERT.

Ye Olde Folkes concert at the Methodist Meeting house last night was a great success. The singers were all costumed in the fashions of many years ago, and some old dresses preserved with tender care were worn, giving an idea of the styles of our grandmothers' times. The songs were old ones, and were sung in the style gone by and to the younger folks at least a revelation. The house was filled with appreciative hearers and the Ladies' Aid Society, which gave the concert, have profited nicely by the concert, as well as having given the people something of interest and value. The same program was rendered here 18 years ago.

SUPERINTENDENT HERE.

County Superintendent R. C. Shaw spent yesterday in visiting the Scottdale schools and said last evening that he found everything in very good condition, the school spirit being excellent, the work being done of high order. The library given the town by Abraham L. Keister is proving most valuable to the schools in Mr. Shaw's opinion, and the method of learning by knowing where to find necessary knowledge is being greatly aided by the library and its librarian.

SOME OLD SHOES.

Seven little shoes of the kind that children of fifty years ago wore are shown in W. S. Goshorn's shoe store window. The shoes are said to be genuine ones. Two of them have pegged soles, and some of them fine cloth tops, and all very awkward looking.

ALVERTON CHARGE.

Rev. F. O. Wagner, the pastor, announces the following preaching services of the Alverton charge of the Methodist Episcopal Church, for Sunday. There will be preaching at the Alverton church at 11 o'clock and at Jacobs Creek church at 7.30 o'clock. Rev. Wagner just returned home on Thursday evening from the burial of his mother.

MR. FOX IN TOWN.

John K. Fox, tax collector of East Huntingdon township, was here from his home near Mt. Pleasant, attending to business matters yesterday. The decision of the Supreme Court upholding the School Code has been a source of satisfaction to the tax collectors as they are now assured on what grounds they are responsible, and know that they will hereafter not have their ideas in confusion as to what is demanded of them.

ATTENDED BANQUET.

Supervising Principal Landis Tanger and High School Principal W. Morton Edwards, accompanied by County Superintendent Robert C. Shaw, who was here from Greensburg were at the banquet given by the Junior and Freshmen classes of the Mt. Pleasant township High School to the Senior Class last evening. The event was held at Hurst's school house. Hubert C. Eicher of Scottdale is completing his second year as principal of those schools.

BEIDERWOLF COMING.

The automobile trip that Evangelist W. E. Beiderwolf, who, with his force, is now working in Greensburg, was to make last Monday, but was postponed on account of unexpected conditions, will be made on Monday. Dr. Beiderwolf is scheduled for Scottdale on Monday forenoon at 10.30 o'clock.

SERENADE HELD.

The Grand Army Band was out serenading one of their members, James H. Camlin, and his bride last evening. The band gave a lengthy and pleasing concert in honor of the young couple.

MOTHER'S DAY.

Every church in Scottdale, perhaps, will observe Mothers' Day tomorrow. At the First Methodist Episcopal Church the services will be in the morning and each member of the Men's Bible class will be given a white carnation.

Card of Thanks.

C. E. Carson and family wish to extend their heartfelt thanks to all those who so kindly assisted them during their late bereavement caused by the drowning of their loved son, Harry B. Carson. Especially do they wish to thank all those who were anxious to find the body, and to others who sent floral tributes at the funeral.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Anty Drudge, Mrs. Easymark and the Empty Clothes Line.

Mrs. Easymark—"I read in the paper if salt were rubbed on stains on linen, and the things left out on the line all night, the stains would be gone in the morning. I tried it."

Anty Drudge—"Did the stains disappear?"

Mrs. Easymark—"They did—and so did the table cloth and napkins!"

Anty Drudge—"Well, you are a greeny. Why didn't you use Fels-Naptha soap? The stains would have been dissolved before you hung the things on the line. And no thief would have gotten away with your wash."

Fels-Naptha has many other uses besides making wash-day easy. Here are a few:

It takes out coffee stains, blood stains, fruit stains and grease-spots,—almost like magic. And in cool or lukewarm water, too. Never use hot water with Fels-Naptha.

Fels-Naptha whitens floors, make the painted wood-work bright, and makes the oil cloths and linoleums look like new.

For glass-ware and cut-glass, there is nothing better than Fels-Naptha. Puts the sparkle on them that you like.

Fels-Naptha and soft cloth will keep that porcelain bath tub always clean and shining.

All done without boiling water, and scrubbing brush.

Don't stick to old fashioned methods just because your mother or her mother did. Be modern, and save time and strength.

Try it when you clean. Try the Fels-Naptha way of washing and divide the work and time in two.

Full instructions on the back of the red and green wrapper.

Girls of Junior Class Give Reception, Exciting Runaway Which Does Not End Seriously—All Seniors Will Graduate From the High School.

Special to The Courier.

MT. PLEASANT, May 11.—The leading social event of the season here was a reception given by the girls of the Junior Class and James Cowan, Orvil George and Leroy Eicher of the Junior Class for the Seniors in the Assembly rooms of the Bank and Trust building from 9 until 1 o'clock last evening. Some of the prettiest gowns seen this season were worn there last evening. On the receiving line were Misses Gertrude Jordan, Miss Verne Schindel and Miss Harriet McCulley. The room was beautifully decorated in the Junior colors orange and black, the Senior colors green and white and the High School colors navy and white. A buffet lunch was served and music for the dancing which was the main feature of the evening was furnished by Myers orchestra.

While a team belonging to Charles Bossart, the contractor, was being driven down Diamond street the brake broke and the wagon run on the horses, frightening them. Although the wagon was loaded with stone the horses ran and the driver stuck with the team until it passed the bridge at Standard, when he jumped off the wagon. The horses plunged into the H. C. Frick Coke Company's fence and tore it down, but the horses were uninjured or the wagon broken.

The average of the High School Seniors was counted up yesterday and everybody will graduate. Grace Brown got first honors and will be valedictorian of her class and Frances Lohr was second and will be salutatorian. The others in the class are Paul Doncaster, Robert Cunningham, Arthur McCloy, Ruby Cunningham, Linton Crosby, Angela McGee, Emma Clothorpe, Elizabeth Ramsey, Artie Lancaster, Blanche Cox, Rachael Bonner, William Eicher, Edith Byers, Wing Pigman and Emma Lou Sayer. The new caps and gowns came yesterday and everything is in readiness for the commencement exercises which will begin on May 26th with the baccalaureate sermon by Rev. Lorimor. On Monday evening May 27 will be the Philo and Euzalian literary contest. Tuesday, May 28 will be Class Day and Wednesday, May 29 will be commencement exercises.

John Karvanuk, Mrs. Rocco and John Karnak, after a hearing before Justice of the Peace L. S. Rhodes, was committeed to jail in default of bail for aggravated assault and battery on Lawrence Grabaik. Lawrence Grabaik was formerly a butcher on West Main street and moved to a farm beyond Calumet, where the defendant's dog got on his land and chased his stock. Grabaik chased the dog off the premises and again the dog came back and he procured a shot gun and shot at the dog, crippling it. Grabaik followed the dog to No. 35 Calumet, where Karnak lived and asked for the dog to kill it owing to the fact he had crippled it. Mrs. Rocco set on him and hit him in the face with a stone, badly bruising him. John Karnak hit the prosecutor with a beer spigot knocking him senseless, and the other defendant raised a beer keg over the prostrate form of Grabaik and would have left the keg fall on him had not Frank Grabaik, a son of Lawrence, appeared and knocked the keg out of his hand. All other occupants of this farm have been troubled with ducks, gees and dogs of these people, but it is thought now the trouble will cease.

The Advisory Board of the Boy Scouts held a meeting in S. P. Zimmerman's office and decided to take the People's Popular Lecture Course.

Mr. McCutcheon of Pittsburg, met with the stockholders of the Pressed Steel Pole Company in the office of the Brush Run Coal Company last evening. A proposition was made to sell but was turned down. Mr. McCutcheon left to take the matter up with his people and expects to call a meeting soon.

Dr. and Mrs. Jesse Mullin entertained the United Brethren orchestra last evening.

Miss Nettie Turin has returned to her Fayette City home after a visit paid her sister, Mrs. Oscar Armstrong of this place.

Mrs. August Speiker and daughter, Freda, have returned from a visit paid friends in Germany.

Friends of Mrs. Mary Rush will regret to learn that she is in a critical condition following a stroke of paralysis suffered at her home in the Freed block. Mrs. Rush is the mother of Mrs. John Harrigan of Connellsville and Mrs. B. J. Jordan of this place.

Miss Nell Stephens left yesterday for Indiana Normal where her sister Mabel is ill.

Mr. and Mrs. John Bowman arrived yesterday from Portland, Oregon. Mr. Bowman will take charge of M. A. Bowman's drug store on West Main street.

$3.50 Recipe For Weak Kidneys, Free.

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

STOPS PAIN IN THE BLADDER, KIDNEYS AND BACK.

Wouldn't it be nice within a week or so to begin to say good bye forever to the scalding dribbling, straining, or too frequent passage of urine; the aching and pains in the back; the growing muscle weakness; spots before the eyes, yellow skin, sluggish bowels, swollen eyelids or ankles, leg cramps, unnatural short breath, sleeplessness and then despondency?

I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you $3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. E. Robinson, K-137 Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you see when you get it, this recipe contains only pure harmless remedies, but it has great healing and pain-conquering power.

It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

CHAPTER XVIII.

At Cross Purposes.

It could not be considered an unpleasant place of imprisonment, yet it was useless for me to contrive any plans of immediate escape, for the door was securely locked, and two heavily armed dragoons sat within eyeing me rather malevolently. My attempt at approaching the window was instantly checked by a threatening gesture, and I sat down in the reading chair to await developments. The could not muffle my ears, however, and I heard the swift hoofbeats of an approaching horse being ridden furiously up the gravel driveway. At the door he was hastily checked, and a voice spoke peremptorily:

"Here you, take the rein!"

The fellow came up the steps hurriedly, almost ignoring the sentry at the door.

"I haven't time to stand here, you fool," he exclaimed roughly, "my uniform is pase enough. I wish to see Colonel Mortimer at once—at once." There was a pause, and then the same voice, and I recognized it now as Grant's beyond a doubt. "Ah, colonel, what in God's name has happened here? I heard that you were out hunting us at Farrell's blacksmith shop, and came back as swiftly as I could ride. But I never suspected this. Who were the miscreants?"

"That is a question not yet answered, Captain Grant," replied Mortimer slowly. "It looks like the work of Pine Robbers. Do you recognize this fellow?"

"Ay," and from the muffled tone he must have been bending over the body, "that is 'Tough' Sims, a lieutenant of 'Red' Fagin; there's one more devil gone to hell. But when did the attack occur? We left here after dark, and all was quiet enough then. Claire—"

"She was here, then? I hardly believed it possible."

"I talked with her—quarreled with her, indeed. Perhaps that was why she refused to accompany us to Philadelphia. But what did you mean, colonel, when you said you hardly believed it possible she was here? Did some one tell you?"

"Yes; we caught a fellow the house when we arrived. He had no time for escape—rough-looking miscreant, claiming to be a Continental. We have him under guard in the library."

"He confessed to the whole story?"

"Not a word; claimed to know nothing except that Claire was here. Said he saw you, and then went away, not getting back again until this morning."

"The fellow is a liar, colonel. Let me see him; I'll lush the truth out of his lips. Where did you say he was—in the library?"

I had barely time to rise to my feet when he entered. His eyes swept across the guard, and then centered upon me. Instantly they blazed with excitement, although I noticed he took a sudden step backward in the first shock of surprise, his hand dropping to the butt of a pistol in his belt.

"By all the gods!" he exclaimed sharply. "If it isn't the spy! I miss the red jacket, but I know the face, Mister Lieutenant Fortesque."

"Major Lawrence, if you please," I returned quietly.

"We'll not quarrel over the name. I've had occasion to know you under both; bearing one you were a spy, beneath the other a leader of banditti. I'll hang you with equal pleasure under either." Suddenly he seemed to remember where we were, and his face flushed with newly aroused rage. "But first you'll explain what you are doing here at Elmhurst. Do you know whose home this is?"

"Most assuredly," determined not to lose my temper, or to be moved by s threats. "It is the property of Colonel Mortimer, of the Queen's Rangers."

"And—and you—you came here to again see—the daughter?" he questioned, as though half regretting the indiscretion of such a suspicion.

"Oh, no, captain; you do the lady a grave injustice. I came here a prisoner, very much against my will, not even aware whose plantation this was. I had no suspicion that Mistress Mortimer was outside Philadelphia until I overheard your conversation with her."

"Overheard! You! In God's name, where were you—"

"In this room; with both doors ajar it was impossible not to hear. You spoke somewhat angrily, you may remember, not finding the lady as gracious in her reception as expected."

The sarcasm in my tone stung him, but the surprise was so great that he could only rip out an oath.

"I thought you would have also enjoyed swearing at that time," I continued coolly, "only you scarcely dared venture so far. You had previously boasted to me of your engagement to the lady, and it naturally was a surprise to observe how lovingly she greeted you—"

"Hell's acre!" he burst out. "Did the minx know you were there?"

"If you refer to Mistress Mortimer, I presume she suspected it. At least she came to me shortly thereafter."

"Then I understand better what troubled the girl. But, in God's name! how did you ever escape me? I was in every room of the house."

I smiled pleasantly. There was nothing for me to gain, or lose, by goading him, yet it was rather enjoyable.

"That, of course, I must naturally refuse to answer, captain. I might need to resort to the same methods again."

"There will be small chance of your having opportunity. Mortimer will hang you fast enough when I tell my tale. Don't look for mercy at his hands, for he's prouder than Lucifer of his family honor."

He was out of the door, striding down the hall, bent on carrying out his purpose. I heard his voice asking where the colonel was to be found; then the guard closed the barrier between us. Very well, of the two I would rather leave my fate to Mortimer than to him, and felt profoundly grateful that the captain was not in command. Had he been I should doubtless have been hung without the slightest formality of trial, but Mortimer would at least hear my version first; indeed, I could hardly believe he would issue so stringent orders without listening also to his daughter's story. I was an officer of rank; the consequences might prove rather serious were I to be executed summarily, and without proper trial.

I had scarcely reasoned this out, however, when a corporal threw open the door, ordering my guard to conduct me into the colonel's presence. I was taken to the parlor, where the furniture had been somewhat rearranged, and found myself confronting Mortimer, the officer I had heard ad-

'Come, You Dog!" Burst Out the Colonel Fiercely, "You Know More Than You Have Told.!"

dressed as Seldon, and Grant. The latter was speaking vehemently:

"I tell you, colonel, this has got to be done; he is a spy, and here for some infamous purpose."

"Well, I've sent for the fellow, Grant; what more do you want? I'll give him five minutes in which to explain, and that is all. Seldon, have the men go on ahead along the trail."

"Yes, sir, they are off already."

"Very well. Have our horses outside; we can catch up within a mile or two." He wheeled sharply about, and looked at me sternly. "Well, sir, I have very little time to waste on you at present, but I advise truthful answers. What is your name?"

"Allen Lawrence."

"You claim to be in the Continental service—what rank?"

"Major in the Maryland Line, Maxwell's Brigade."

"Dressed hurriedly, probably, and forgot your uniform."

"I have lately been serving with the Jersey militia, sir, as Captain Grant can testify," I answered civilly.

"And Captain Grant is only too anxious," broke in that officer immediately. "If you will listen to me, colonel, I'll tell you what I know in two minutes or less. It will settle this fellow's status."

Mortimer glanced from my face to that of the speaker, evidently attracted by the vindictiveness of the voice.

Leisenring No. 2 went to Uniontown Thursday and defeated the fast team from Continental No. 1 8 to 3 in seven innings. Keefe worked for the Leisenring boys and had good control. A batting rally in the fifth inning enabled Leisenring to clinch the contest. The score:

O. & P. Notes.

Leisenring proved a tough proposition for the O. & P. leaguers yesterday afternoon but after a few preliminary innings in which the Cokers did little or nothing at the bat, Press started the ball rolling with a double and it did not stop until Connellsville had piled up 14 runs to four for the west seven innings, with Donaldson large crowd of Leisenring partisans and Bliss going the whole route. A all attended the game.

Fazenbaker and Prudy again divided the time in right field. The circumstances, however, were just opposite to those at Dunbar Thursday. Fazenbaker started the game and after striking out twice, Prudy was substituted. Prudy landed for two hits, one a double.

Prudy, Phelan, Hart, Groff and Press were the heavy clouters. Bobby Groff landed for two hits, one a double, despite a discolored optic. The team left at 2.25 this morning for Beatty where they will play St. Vincent's College. The collegians recently had Pittsburg of the United States league to a score of 7 to 6. Ritter, Hauger and Fazenbaker will twirl for Connellsville this afternoon. Sheetz may get a chance.

Manager Wilson's pet plan to carry as many men as wanted, the only restriction being to keep in the salary limit, has been voted down. Wilson sent his vote in by mail for the proposition but it availed nothing.

Shortstop McGinly, well known to patrons of Marietta-Stillwagon park in past years has been released by Canton. Akron promptly signed him and Mac has been going well ever since. McGinly is the real come-back when released by one team. Local fans well remember when he reported to the local club. He came to town and the only work he did was to appear at third base as a coach. He was released and Clarksburg signed him. Playing against Connellsville later he was instrumental in winning many games.

Manager Wilson received notice from Frank Hailey, scout for the Phillies, that Shortstop Gross would be turned over to Connellsville and also that Jake Smith, a big southpaw pitcher, will report Monday. In case Gross makes good it may necessitate a change in the infield. Gross will go to short, and Danny Hart to the outfield. Just now the Connellsville outfield looks to be the weakest part of the team.

With three men on and none out Donaldson retired three men in order.

Horne batted for Street and struck out.

Miller played a bang up game at first. He fielded well and had a couple of hits.

Leisenring, it is said, was loaded up for the game. Sisley, who lead in batting last year and who tried out with McKeesport this year, played.

Manager Wilson thinks that Connellsville will have the toughest proposition in the league to start out against McKeesport. He says all the players are members of the Metropolitans, a New York organization that has played together for years.

Calumet Won.

Mutual was no match for Calumet Thursday and the latter team won 12 to 3. The score:

	R	H	E
Mutual ....1 0 1 0 0 0 1—3	8	4	
Calumet ..0 4 0 3 0 3 2—12	15	7	

Batteries—Falconer, M. Repko and J. Repko; Felix and Halls.

High School is playing the strong Keystone team of Scottdale at Coucks park at that place this afternoon. Either Port or Thomas will twirl for High School.

DOUBLY PROVEN.

Connellsville Readers Can No Longer Doubt the Evidence.

This grateful citizen testified long ago.

Told of quick relief—of lasting benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. J. A. Comp, 710 Pittsburg St., Scottdale, Pa., says: "It is a pleasure to recommend Doan's Kidney Pills for they have been of the greatest benefit to me. I was troubled by kidney complaint and backache for years and as time passed, my condition became worse. Although I had but little faith in advertised remedies, I finally procured a box of Doan's Kidney Pills and commenced their use. The first few doses gave me relief and from that time on I steadily improved until my condition was better in every way." (Statement given Oct. 8, 1907.)

Re-Endorsement.

Mrs. Comp was interviewed on October 8, 1909 and said: "I have no need of a kidney remedy since taking Doan's Kidney Pills some two years ago for the relief I received has been permanent. My former testimonal still holds good."

RESPITE UNTIL 1915 IS GIVEN

Health Department Gives Somerset Permit to Dispose of Sewage.

MUST PLAN DISPOSAL WORKS

The Outlines for One Drawn by Pittsburg Engineer is Approved—Further Extension May be Granted But Sewer Maps Must be Filed Yearly.

Special to The Courier.

SOMERSET, May 11.—Somerset's sewage disposal plant will not be erected before July 1, 1915. This information, together with a permit to empty untreated sewage into Cox's creek until that date, is contained in a communication received by Charles L. Shaver, Secretary of Town Council, last evening, from State Health Commissioner Samuel G. Dixon, of Harrisburg. This action by the State Board of Health was imperative for the reason that the municipality is financially unable to construct the disposal plant at this time, being bonded to within about $10,000 of the legal limit, while it is estimated that the plant will cost $132,000, exclusive of the land it will occupy and rights-of-way for additional sewer lines required.

Commissioner Dixon in his communication to Council also approves the plans of the disposal plant, which were drawn by Engineer L. E. Chapin of Pittsburg. The Commissioner further says that in case funds are not available for the construction of the plant by July 1, 1915, he may extend the time, but requires that at the end of each year maps be forwarded to the department showing extensions made to the sewer system during the year. Mr. Dixon also advises Council that by the time Somerset is ready to construct a plant such advancement may be made in the art of treating sewage that would warrant material changes in the proposed plant. This would indicate that the town may profit by its inability to build a plant now while the sewage disposal proposition is yet largely in the experimental stage.

Somerset's sewer system consists of between seven and eight miles of lines. By reason of the grades the sewers are self-cleansing. There are three private sewers on the North Side, about which complaints are annually made. Commissioner Dixon advises Council to forthwith take the necessary steps to compel the connection of the same with the municipal sewer system. The entire system empties into Cox's creek about three-fourths of a mile south of town. The proposed site for the disposal plant is a mile further south, and is the only available one within a reasonable distance of the town. It is planned to extend the sewer down stream along the north bank of the stream to the plant, located on the south bank, crossing under the creek through an inverted syphon.

The disposal plant is designed to take care of 300,000 gallons per day of 24 hours. The present requirements would indicate a capacity of less than half that amount, and it is believed the plant Engineer Chapin has designed would answer the purpose for at least 20 years in the future. The proposed plant consists of a sedimentation tank and four sand filters. The sewage from the inverted syphon will enter a screen chamber, and thence to the sedimentation tank which is 72 feet long, 42 feet wide, and 10 feet deep, with a capacity of 189,000 gallons. The tank is divided longitudinally into three compartments of equal size, and covered by a concrete roof. Provision for drawing off the sludge at the end of each compartment is planned, the sludge to be deposited on a drying area provided for that purpose.

From the settling tank the sewage will flow to the dosing chamber holding 48,000 gallons. Here, by means of alternately-timed syphons the sewage is to be alternately discharged onto four sand filters in rotation. Filters Nos. 2, 3 and 4 will have a surface 200 feet long by 135 feet wide. Filter No. 1 will be 182 feet long and 142 feet wide. This is equivalent, with four beds in use and the present flow of sewage, to 57,000 gallons per acre per 24 hours, and with 300,000 gallons daily flow, the full capacity of the plant, it is equivalent to a rate of 114,000 gallons per acre per 24 hours. The sewage flows by gravity throughout the plant.

The construction of each filter is to comprise a layer of 12 inches of sand, underdrained, with the pipe extending about 66 feet to the creek. The bottom of the sand filters is about five feet higher than high water in the creek. The sludge bed is slightly lower in elevation.
